# REGULAÇÃO: RETROSPECTIVA DA PRESTAÇÃO DE SERVIÇOS DE SANEAMENTO

Engenheiro Afonso Veiga Filho

The background image shows a narrow, cluttered alleyway in a slum. On the left, there are makeshift buildings with corrugated metal roofs and walls. A drainage channel runs down the center of the alley, containing some debris and water. The right side shows a brick wall and more buildings. The overall scene is one of poverty and lack of infrastructure.

“

1 - Início das  
ações de  
saneamento

”

“

2 - Década de  
40

”

A construction site scene with a worker in a yellow shirt and hard hat in the foreground, and two men in business attire reviewing plans in the background. A large pipe is being installed in a trench. A crane is visible in the upper left.

“

# 3 - Período do PLANASA

”

A woman in a green shirt and black skirt is sweeping a wet cobblestone street next to a white wall. The scene is outdoors, and the ground is reflective from water. The image has a dark teal overlay.

“

# 4 - Política nacional

”

“

5 - Lei 11445 -  
Início da  
regulação no  
saneamento

”
